# Course Details:

As per the new education policy, the full-time credit-based skill oriented vocational courses first time is introduced by our University where students have the liberty to study as per his/her requirement or as per the industry demand. To upgrade qualifications/skill competencies, learners can avail for vertical mobility to second year of B.Voc degree programme after one year certificate and to third year of B.Voc degree programme after a two year diploma.

The students may further move to Masters and Research degree programmes mapped at NSQF Level.

To fulfill the growing need in India for skilled manpower across sectors and narrow the existing gap between the demand and

supply of skills. There is a compelling need to launch a world-class skill development programme in a mission mode that will address the challenge of imparting the skills required by a growing economy. Both the structure and the leadership of the mission must be such that the programme can be scaled up quickly to cover the whole country.

To provide best skill training and create industry ready manpower to fulfill the requirements of modern day industry The School of Skill Development and Vocational Studies (SSDVS), The Neotia University is going to launch few skill courses under dual certification programme by TNU and National Skill Development Corporation (NSDC) in collaboration with leading industries of particular sectors in India.
